I. Campus Security:
BIR Training Center (The School) encourages its community members to be fully aware of the safety issues on the campus and to take action to prevent and to report illegal and inappropriate activities. Personal awareness and personal safety practices are the foundation of a safe community.
Pursuant to the Student Right to Know and Campus Security Act, The school monitors criminal activity and publishes this report. The data shown in this report is for the 2005 Calendar Year. BIR Training Center will make available a copy of this report to each current student and employee. BIR will notify prospective students and employees of its availability and BIR will provide a copy of the report upon written request to Alexis Brown, Financial Aid Director, BIR Training Center, 3601 West Devon, Suite 200, Chicago, IL 60659, ATTN: Campus Security Report. XI. Policy Regarding Sexual Assault Programs and Procedures:

A. Policy

1. Sexual abuse and harassment will not be tolerated. Every effort will be made to assure that all members of the school community are provided an atmosphere free from sexual abuse and harassment.

2. A guiding principle in the reporting of sexual assault is to avoid re-victimizing the sexual assault survivor by forcing the person into any plan of action. Sexual assault victims may contact The School Main Office and/or community services for assistance.

B. Procedure

1. Contact the Chicago Police Department (911 for emergencies or 311 for non-emergencies) as soon as possible after the offense. Please remember it is most important to preserve evidence. Do not bathe, douche, use the toilet, or change clothing. Note everything about the location. If you have been raped, you should seek medical attention immediately regardless of whether you report the matter to the police.

2. Every attempt is made to maintain the anonymity of the sexual assault survivor. Every attempt will be made not to release names to the media. Unless requested by the sexual assault survivor, names and addresses of survivors are released to the Chicago Police Department. Each report of sexual assault will be investigated in order to provide better protection to the survivor of a sexual assault and all members of the college community. Sexual assault survivors should be aware of the need of the school to release information (for the protection and safety of others) regarding the fact that an assault has occurred.

3. The School's Main Office is the office of official record for reports of sexual assault, as it is in all reported law violations. Students, faculty, visitors, and staff are encouraged to contact the School to report any information regarding assaults.

4. Sexual assault victims have the right to have reports made anonymously (third party) to the Chicago Police Department. The School will assist the survivor in making this report if the survivor so wishes. In these situations, the name of the complainant will not be forwarded. Third party reports may prevent the School and the Chicago Police Department from actively investigating the criminal activity.

5. Counseling and medical services are available off campus. If you are the victim of a sexual assault, BIR Training Center encourages you to contact Chicago Rape Crisis Hotline 1-888-293-2080

6. If the School and/or premises management determine that a threat continues to exist for the community, information about the reported sexual assault will be reported to the campus community whether reported by a sexual assault survivor or through a third-party report. As much detail as possible regarding location, date and time of the assault, and any information that might help identify the assailant will be reported. The method(s) of communication may be in the form of posters, appropriate notices, web-site announcements, campus newsletter, etc.

7. Each report will be taken as presented by the complainant. Appropriate criminal classifications will be determined after a review of all facts by the Chicago Police Department personnel.

8. The college will take appropriate action to safeguard the alleged survivor and, at the same time, protect the rights of the alleged perpetrator. If the survivor of a sexual assault requests, the college will attempt to provide, if reasonably available, accommodations for students as well as a change in classes.

9. The college will normally not take any disciplinary action against a member of the campus community without a written complaint and the assistance of the complainant in the disciplinary process, unless the college determines there is a clear danger to the victim or the college community.
